

Club Travel was established in July 1987 by Wally Gaynor whose philosophy it was to always give the client the best deal. This philosophy is still the driving force behind Club Travel today.

The cornerstone of Club Travel's success is being true to our vision of offering customers the unique combination of best price, best service and long term relationships.

Club Travel's bulk buying power enables us to negotiate competitive airfares and preferential rates with airlines worldwide and other suppliers such as hotels, car hire and cruise companies, tour operators, travel insurance and foreign exchange providers, etc.

These competitive rates coupled with leading edge technology and specialised travel expertise is the strong foundation on which Club Travel continues to grow its national presence.

Club Travel is > 50% black owned being part of the Thebe Tourism Group (TTG), the first black empowerment group formed in South Africa. TTG was incorporated as a company in 2001 by Thebe Investment Corporation, to create a uniquely South African tourism group targeting selected tourism opportunities in Southern Africa.
